

Weatherproof aluminum junction boxes

The 1300 DWPAL are used as junction boxes in outdoor installations or indoors where dripping water is a problem. These enclosures are designed to protect equipment against rain, sleet and

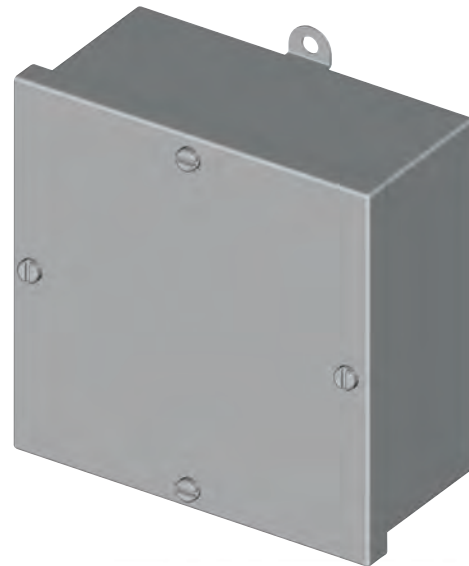

snow. Enclosures are made from 12 GA aluminum. The box seams are continuously welded to prevent rain, sleet or snow from entering and the oil resistant high quality gasket ensures integrity.

External mounting holes are provided. Boxes are natural aluminum finish.

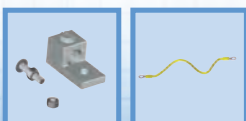

CSA Certified
NEMA/EEMAC 3 / IP64
