

Top mounted air conditioner

The 6500 MXAC top mounted air conditioner is made to be installed on top of a Mtrx cabinet. The top and the air conditioner casing are made of steel. The 6500 MXAC must be ordered using two part numbers. The first

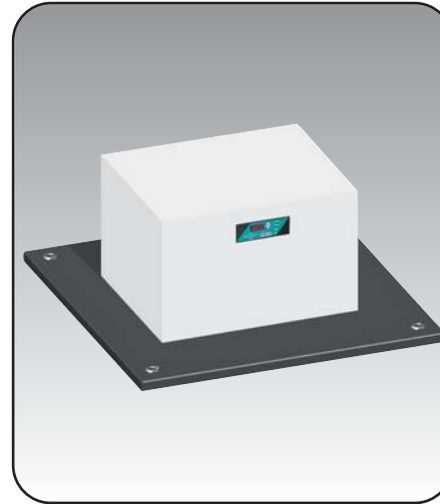

specifies the top mounted air conditioner (voltage and cooling capacity); the second specifies the corresponding AC pre-perforated top cover. A robotically poured-in-place gasket ensures a complete and

durable seal. The tops are finished with heat fused polyester powder, electro-statically applied on a phosphatized base (RAL7011).

Note: Only the AC top cover is factory assembled. The AC is supplied separately. For further details on air conditioners contact EXMcustomer service at 1-800-979-4373

Data subject to change without notice.

Please note:
For certain applications, grid railing can be ordered separately to mount to the cabinet frame for extra A/C support.
