

Slides for 'L' shaped rack angles

The 6500 MXLSL slides are used with two pairs of 'L' shaped rack angles. The slides are installed directly on the rack angles; there is no need to order separate installation brackets. All installation hardware is included. Slides can be used with all 'L' shaped rack angles, including 19", 24", 23" and metric racks.

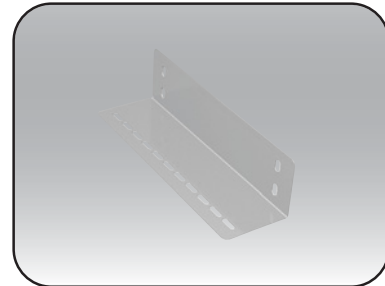

CATALOG NUMBER	FITS RACK WIDTH	SLIDE LENGTH	FITS RACK SPACING (between mtg surfaces) (mm)
6500 MXLSL03	19"	12"	500, 600
6500 MXLSL05	19"	18"	600, 700
6500 MXLSL08	19"	24"	800, 900, 1000

Equipment guides

The 6500 MXLG equipment guides are installed between pairs of rack angles. They are used to support rack-mounted instruments during installation. They are furnished in pairs and can be used with 19", 23" and 24" rack angles.

CATALOG NUMBER	GUIDE LENGTH (mm)	FITS RACK SPACING (between mtg surfaces) (mm)
6500 MXLG4	270	300
6500 MXLG5	370	400
6500 MXLG6	470	500
6500 MXLG7	570	600
6500 MXLG8	670	700
6500 MXLG9	770	800
6500 MXLG10	870	900
6500 MXLG11	970	1000
6500 MXLG12	1070	1100

NOTE: Maximum rack spacing equals (Cabinet NOMINAL DEPTH – 100mm); racks can be installed at increments of 25mm along the entire depth of the cabinet

Width reducing bracket

The 6500 MXWRB width reducing brackets allow the use of rack angles with wider enclosures. The brackets are installed directly on the cabinet frame. The kit includes four brackets and all installation hardware.

CATALOG NUMBER	REDUCES WIDTH BY
6500 MXWRB1	100mm
6500 MXWRB2	200mm
6500 MXWRB4	400mm

Note: Combine with 6500 MXGQ to obtain depth adjustments

Adjustable rack mounting bracket

The 6500 MXARB adjustable rack mounting brackets allow the installation of rack angles at any width or depth within the cabinet. The brackets are installed directly on the cabinet frame. The kit includes four brackets and all installation hardware

CATALOG NUMBER	FITS FRAME DEPTH
6500 MXARB6	600mm
6500 MXARB8	800mm
6500 MXARB9	900mm
6500 MXARB10	1000mm
6500 MXARB11	1100mm
6500 MXARB12	1200mm
