

## Solid door for single bay cabinets

The 6500 MXD solid doors are installed on the front and/or back face of a Mtrx single bay cabinet. They are made of 14ga steel. All doors are supplied standard with:

(i) a low profile metallic pull handle and a four point locking mechanism; (ii) a reinforcing tubular stiffening frame with provision for M5 self-tapping hardware; (iii) all installation hardware, 120° right

side hinging with captive hinge pins; and (iv) a durable robotically poured-in-place gasket. Doors are reversible. Finish is powder coated RAL7035 textured light gray.
