

Window doors for double bay cabinet

The **6500 MXDDW overlapping window doors** are installed on the front and/or back face of a Mtrx single bay cabinet. They are made of 14ga steel and lexan windows. All doors are supplied standard with: (i) a master door on the right and a flange door on the left;

(ii) a low profile metallic pull handle and a four point locking mechanism; (iii) top and bottom flange door locking handles; (iv) reinforcing tubular stiffening frames with provision for M5 self-tapping hardware; (v) all installation hardware, 120° hinging with captive hinge

pins; and (iv) durable robotically poured-in-place gaskets. Doors are reversible. Finish is powder coated RAL7035 textured light gray.
