

Rack mounting

The **6500 MXL rack angles** are used to provide mounting solutions for electronic equipment in Mtrx cabinets.

Four types of industry standard rack angles are available, namely 19", 24", 23" and metric rack angles.

The 6500 MXL rack angles are furnished in pairs. They are installed on the frame using the included installation brackets.

Holes for self tapping screws and holes for clip nuts are provided. Screws and nuts can be purchased separately (p.148).

The 19" and metric rack angles are made to be installed in 600mm wide cabinets. The 24" and 23" rack angles are made to be installed in 700mm wide cabinets. The angles can be installed in larger cabinets using width reducing brackets (p.134).

MX/SL
COMPATIBLE

Data subject to change without notice.

19" rack angles

The 6500 MXL rack angles are installed directly on the Mtrx cabinet frame using the included installation hardware.

19 inch rack angles are designed to be installed in 600mm wide cabinets and can be installed in larger cabinets using optional frame reducing brackets (see page 134).
